The batter becomes a runner when the third strike is not caught, providing (1) first base is unoccupied or (2) first base is occupied with two outs.

Infield Fly Rule:

Minors: No infield fly rule

Majors: The infield fly rule will be enforced.

The infield fly rule is a fair ball (not including a line drive nor attempted bunt) which can be caught by an infielder with ordinary effort, when first and second; or first, second or third bases are occupied, before two are out. The pitcher, catcher and any outfielder stationed in the infield on the play shall be considered infielders for the purpose of this rule.

An infield fly is no different than any other fly ball in regard to the runners. The only difference is that they are never forced to advance because the batter is out whether the ball is caught, or not. Runners may advance at their discretion – (Tagging up on a catch or advancing on a drop). Also note that the infield dirt and the outfield grass do not form a boundary line for infield fly purposes.

Double First Base:

Some fields use a double first base and do not have a choice for a single first base. In these cases, the double base should be considered one big base, allowing the runner or the fielder to touch either the white or the orange portion of the base. There will be no penalty for the runner or fielder if they touch either color.

Base Running:

Minors: A runner may leave the base after the ball crosses the plate. The runner is out upon leaving the base early. On a dropped third strike, the batter is out and the base runners may advance at their own risk. Majors: National Federation of High Schools rules apply. (I.E live baseball)
